

## Scholarship Guidelines

The Learning Disabilities Association of Illinois is making scholarship funds available to students with learning disabilities who currently are enrolled or are enrolling in undergraduate colleges or technical/vocational programs.

The definition that will be utilized to determine specific learning disability qualifications is: Specific learning disability--The individual exhibits a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, which may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations. Such terms include conditions as perceptual handicaps, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. The term does not include individuals who have learning problems, which are primarily the result of visual, hearing, or motor handicaps, of mental retardation, of emotional disturbance, or of environmental, cultural, or economic disadvantage.

### Eligibility

1. Applicant must be a resident of the state of Illinois.
